## World Family Summit +10 Invitation

Dear Member,

The World Family Organization, the National Health and Family Planning Commission of China and the Zhuhai Municipal People's Government, in partnership with the United Nations Department of Economic and Social Affairs, the United Nations Division for Sustainable Development, the United Nations Division for Social Policy and Development, the UN ECOSOC Office for Support and Coordination and the United Nations NGO Branch, have the honor to invite to the World Family Summit +10, this year working on the theme:

**Families in Balance: Building the Future We Want  
Celebrating the Achievements of the Millennium Development Goals and Welcoming the Post-  
2015 Development Agenda and the Sustainable Development Goals.**

The World Family Summit +10 will be both, a Celebrating and a Welcoming Event!

After ten editions of successful World Family Summits, we are happy to Celebrate the Decade of 2004-2014 where the Family Issues were definitely included in the International Development Agenda, the 20th Anniversary of the UN International Year of the Family and the Millennium Development Goals Achievements.

Being fully engaged in the discussions as the international community shapes the vision for new sets of goals and targets integrating the economic, social and environmental dimensions of sustainable development we will Welcome the proposals for the Sustainable Development Goals, which will serve as foundations for a Global Post-2015 Development Agenda.

We could not choose a better place for these Celebrations than China, where everything started in 2004. In the beautiful City of Zhuhai, we will begin a new era for Families by including their voices in the Post-2015 Development Agenda and their aspirations in the Sustainable Development Goals.

Let's Welcome once again the opportunity in 2014 to inaugurate another new decade for families. We look forward to seeing you in Zhuhai!

**Date: December 2 to 4, 2014 | Venue: Chimelong Hengqin Bay Hotel – Zhuhai - China**
